## Day 5 - The Jordan Valley

Sat, 8th April 2023

After breakfast, drive south along the Jordan Valley.

Highlights of today's tour include:

- Visit a working Kibbutz.
- Drive along the Jordan Valley, 390 meters below sea level, where the air is enriched with the highest levels of oxygen, exceptionally high temperatures, low humidity, and minimal rainfall, making it the best place worldwide for cultivating high quality Medjool dates known as "The King of Dates." You will learn about date farming and taste the dates.
- Beit She'an, an extraordinary excavation of an ancient Roman city. At Beit She'an, relive the glory days of the Roman Empire, which contains some of Israel's most spectacular archaeological finds - the remains of a large amphitheater, a Byzantine era colonnaded street, ritual baths, a pottery workshop, a basilica, a Roman temple and more
- Weather permitting visit the M'ayanot Valley and swim at the springs.

Includes: Breakfast

Private Guide/driver with deluxe vehicle
